Purpose:

The purpose of the Germania Risk Committee (the “Committee”) is to assist the Germania Farm Mutual Insurance Association (“GFMIA”) Board of Directors in discharging its responsibilities related to assisting the GFMIA Board and its subsidiary company boards (collectively referred to as the “Boards of Directors”) in fulfilling oversight responsibility related to risk management. GFMIA and its subsidiary companies are collectively referred to herein as the “Germania Companies.” The Committee will ensure these responsibilities are fulfilled by overseeing the following items for the Germania Companies: the enterprise risk and management framework (including the enterprise risk management policy) and their effective management. Further, the Committee should meet its responsibilities through periodic meetings with those responsible for Enterprise Risk Management (ERM). It is not expected that the Committee or individual Committee members will perform risk assessments.

Specific Duties and Responsibilities:

1. Provide an open avenue of communication among the internal auditor and the Board of Directors.
2. Inquire of management and the internal auditor about significant risks, estimates or exposures, and assess the steps management has taken to minimize such risk(s) in accordance with the approved ERM policy.
 - a. The Committee shall oversee the Germania Companies enterprise risk identification and management framework to validate that the framework continues to be sound and that the risk culture of the Germania Companies is appropriate.
 - b. The Committee shall provide oversight and review of enterprise risks by reviewing and making recommendations to the Germania Companies’ Boards regarding management’s processes for identifying, assessing and managing significant risks on an enterprise-wide basis.
 - c. The Committee shall monitor changes in the overall business environment and assist management in identifying emerging risks which may cause systemic failure of the Germania Companies to achieve their strategic and business objectives while also obtaining reasonable assurances from management that all known and emerging material risks have been identified in the risk registry and are being mitigated and managed.
 - d. The Committee shall review the Germania Companies’ ERM policy annually and provide recommended changes to the ERM policy’s risk management framework, risk assessment guidelines, and policies contained therein which the Committee deems appropriate to present to the Board of Directors for its review and approval.
 - e. The Committee shall require of the internal auditor to provide periodic reports, but in no event less than annually, of the Germania Companies’ compliance with the ERM policy.
 - f. The Committee shall have a general understanding of the practices used to identify, assess, measure, and manage those risks as are identified in the risk register.

- g. The Committee shall report to the full GFMIA Board annually the assessment of the Germania Companies' implementation of the ERM policy, and the effectiveness of the policy.
3. Consider and review with the internal auditor:
 - a. Significant findings during the year and management's responses thereto.
 - b. Any difficulties encountered during their ERM policy related work, including any restrictions on the scope of their work or access to required information.
 - c. Any changes required in the planned scope of their risk assessment analysis.
4. Review legal and regulatory matters that may have a material impact on any Germania companies' compliance policies, programs, and reports received from regulators.
5. At least annually, meet with the internal auditor and management in separate executive sessions to discuss any matters that the Committee or these groups believe should be discussed privately with the Committee.
6. The Committee will notify the GFMIA Audit Committee Chairperson of any risk-related information it becomes aware of which could potentially affect financial matters under the purview of the GFMIA Audit Committee.
7. Review Germania Hotline submissions which may present risks to Germania, other than those risks pertaining to financial accounting and reporting or otherwise being addressed by the GFMIA Audit Committee.
8. Report Committee actions to the Boards of Directors with such recommendations as the Committee may deem appropriate.
9. The Committee will perform such other functions as assigned by the Association's charter or bylaws, or the Boards of Directors.
10. Review the Committee Charter annually and provide any suggested amendments to the Board for consideration and approval.
